

HD Mobile LED 20sqM 360° Rotation Integrated Power

HERE at LED Screen Hire Events we are **ALWAYS** looking for **SMARTER** ways to adapt **BIG SCREENS** to **YOUR** event. That is why we use only the **HIGHEST QUALITY, INDUSTRY STANDARD, PRECISION ENGINEERED** and **TOUR-READY** display systems.

While modular systems offer the greatest flexibility there are times you must demand the rapid deployment that can only be achieved with a rolling LED solution. Lead time is just another great reason for your decision to go mobile.
